Innovation leads the way

Tomorrow holds limitless possibilities. It is about reimagining how the world lives, moves, and experiences every moment. At Audi, innovation, design, and intelligence come together to stay ahead of the curve. The future begins here.

The Audi Q3

The Audi Q3 is built to live it up. Always ready to move, it is powered by a dynamic 2.0 L TFSI quattro engine delivering 190 hp and 320 Nm of torque, with acceleration from 0–100 km/h in 7.3 seconds and top speeds of 222 km/h.

Designed to exude sportiness

The Audi Q3 lives it up with you. It is always ready to move. Powered by an efficient and dynamic 2.0 L TFSI quattro engine, it generates 190 hp of power at 320 Nm of torque with an acceleration of 7.3s at top speeds of 222 km/h.

Performance features

quattro

Experience unmatched grip, optimized acceleration, and exceptional handling with Audi's quattro all-wheel drive technology.

Audi drive select*

Take on the city roads or the open roads with the confidence of a comfortable drive, always. Thanks to the Audi Drive Select that adjusts the engine, transmission, and steering as per the driving preferences.

All features marked () are only available in the Technology Variant. Image for representation purpose only. Please contact your nearest authorized Audi dealer for further details.

Flaunt your distinct style

The athletic silhouette of the Audi Q3 is well-complemented by a large single frame grille with vertical struts. The Audi Q3's bold stance is further emphasised by large side inlets and slim headlights, making every entrance a masterclass in style.

Exterior features

LED Headlights

The sleek and subtle design of the Audi LED Headlights add a touch of elegance to Audi Q3 while lighting up the road ahead with daytime-like clarity.

LED Rear Combination Lamps

Complete the attention-grabbing look of the Audi Q3 with striking LED Rear Combination Lamps that offer faster activation for prompt recognition by the driver behind.

Panoramic Glass Roof

Electrically operated glass roof ensures a comfortable interior with abundant lighting and improved interior climate by means of efficient ventilation.

Exterior features

Comfort key with Gesture-controlled Tailgate*

The convenience key offers easy access and engine start authorization control without having to actively operate the key. Gesture-controlled Tailgate allows comfortable opening of the luggage compartment flap with a simple foot movement.

R18 Alloy Wheels*

Aluminium Alloy Wheels enhance the Q3's dynamic profile with remarkable 45.72 cm (R18) 5-spoke V-style (S style) alloy wheels.

High-gloss Styling Package

Amplify the sportiness of Audi Q3 with High-gloss Styling elements. Fascinating accents will emphasise the vehicle's athleticism and bring alive its striking design.

Feel at home

Versatility meets individuality in the Audi Q3. Powerful and multifaceted, it is compact yet rich with hidden spaces. A car designed for evolving needs, it reveals a new world of more. More space. More comfort. More convenience.

Interior features

Multifunctioning steering wheel with shift paddles

Leather covered steering wheel offers a comfortable grip along with multifunction buttons for operating Audi radio, voice control system, and a slot for mobile phones.

2-zone Climate Control System

Regulate air temperature, air flow rate and air distribution with separate pre-selectable control for driver and front passenger.

Power Adjustable, Power Folding, Auto-dimming Mirrors

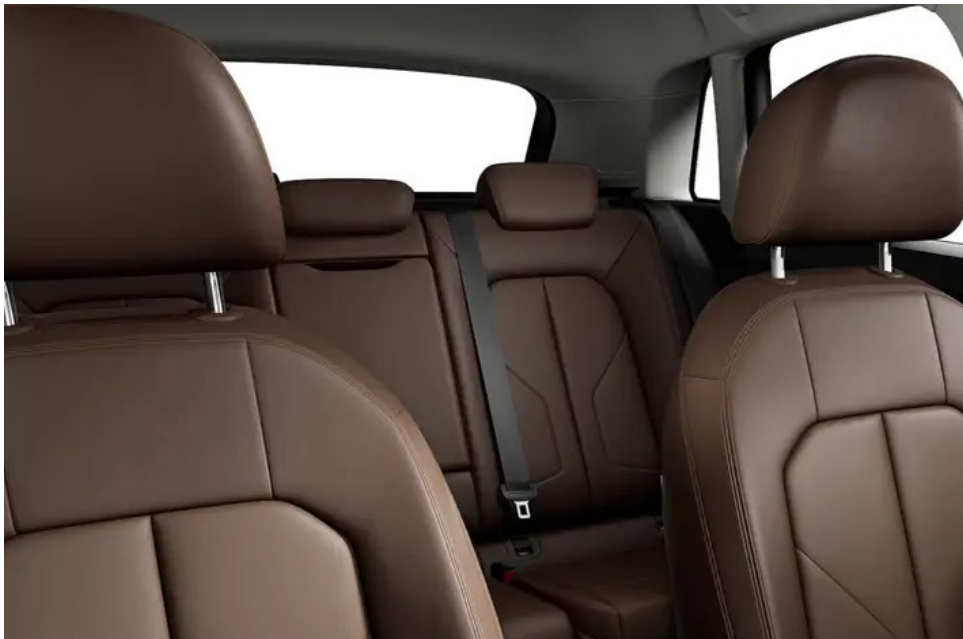

The intelligent auto-dimming feature guards the eyes by reducing reflections of an approaching car's headlights at night. Automatic curb function fold down the mirrors when the car gets into reverse gear to give a better view of the curb to the driver.

Interior features

Electrically Adjustable Front Seats

Relaxation meets spontaneity on every journey. With the touch of a button, adjust the position, angle, and height of the seat to perfection.

4-Way Lumbar Support for Front Seats

For truly comfortable long journeys, fine-tune The seat’s lower back support and reduce the chances of any backache.

Comfort Centre Armrest in Front

With the front centre armrest, the driver and front passenger can sit particularly comfortably. It can be arranged in the longitudinal direction, the inclination can be adjusted with hinged storage compartment.

Interior features

Leather/Leatherette Combination Upholstery

The seat upholstery enhances the Audi Q3’s sophisticated character. Finished in smooth Leather/Leatherette, the interiors combine elegance with exceptional comfort.

Rear seat plus with fore/aft adjustment

Luxury is defined by space at disposal. The rear seat fore/aft position adjusts to provide additional legroom, with a 40:20:40 split. The backrest inclination is also adjustable. For enhanced passenger comfort, the Audi Q3 features a rear armrest with integrated cup holders and a cover flap, allowing drinks to be securely placed and offering added convenience on longer journeys.

Ambient Lighting Package Plus

Anti-glare lighting using the energy saving LED technology ensures that the occupants can find their way around. A selection of contour lighting with 30 colours is available on front/rear doors, with courtesy lights on the undersides of the rear doors. Illuminated quattro logo in the instrument panel on the passenger side with lateral ambient lighting on the centre console in front.

Technology that moves with life

When mobility becomes a way of life, technology must be intuitive, practical, and engaging. The Audi Q3 elevates the travel experience by seamlessly connecting to entertainment apps and navigation, enhancing convenience and enjoyment on every journey.

Technology and infotainment

Audi Virtual Cockpit Plus*

Innovative, adaptive, and intuitive, the Audi Virtual Cockpit Plus is a fully digital instrument cluster that flexibly presents relevant information on demand. The 31.24 cm display delivers full HD quality and offers multiple layouts, including “classic,” “dynamic,” and “sport.” The display can be tailored to show speed, engine speed, maps, radio, media information, and more, adapting seamlessly to driving requirements.

Audi Sound System*

The Audi sound system ensures a perfectly balanced sound with ten speakers including centre speaker and subwoofer, 6-channel amplifier with a total output of 180 watts.

12 volt socket and 2 x USB ports in the rear

Seamlessly integrated for modern convenience, the 12-volt on-board power outlet and dual USB-C ports ensure devices stay charged and connected — wherever the journey takes. Whether it's smartphones, tablets, or accessories, power is always within easy reach.

Technology and infotainment

Bluetooth Interface

Enjoy the convenience of hands-free calling and Bluetooth audio streaming while on the move.

Audi Smartphone Interface

Bring the familiar smartphone interface to the vehicle to enjoy ease of navigation. The car's operating system allows to access the phone when connected with a USB port.

A new standard in safety

At Audi, safety is the centre of every journey. That's why, the Audi Q3 comes equipped with a host of safety features including ABS, EBD, Parking Aid plus, Rear view camera, 6 Airbags and much more.

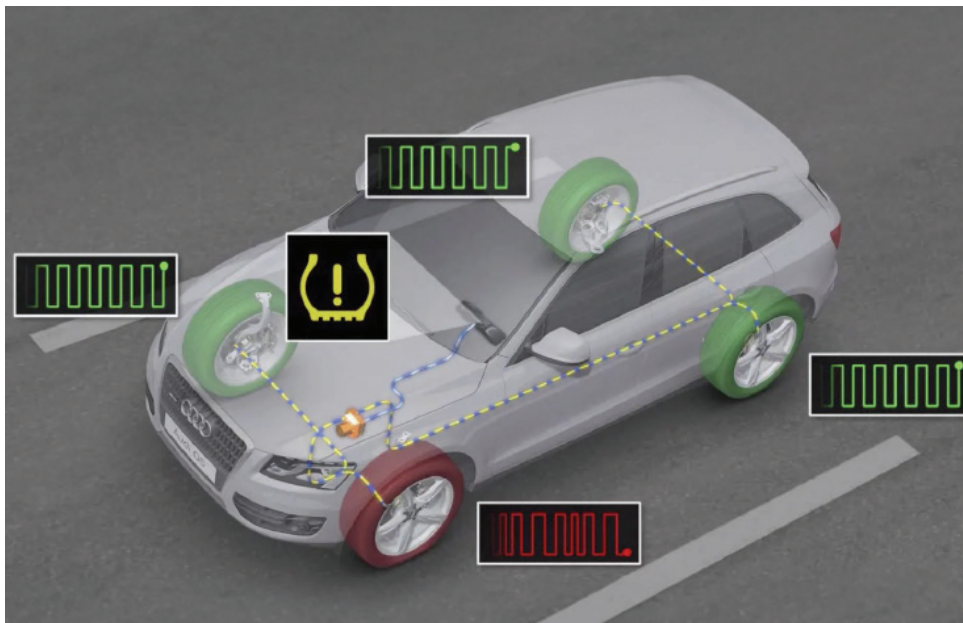

Safety features

ISOFIX Child Seat Anchor and Top Tether for Outer Rear Seats

ISOFIX compatibility offers increased safety for child seats. The standard fitting point in the car removes the need to use the car’s seat belts to secure the child seat. An additional top tether or support leg prevents the child seat from tilting or rotating on impact.

Tyre Pressure Monitoring System

The system offers optical and acoustic warning in the event of pressure loss on one or more wheels in the instrument cluster.

Lockable Glove box

Experience added security and convenience with the lockable glovebox, providing discreet, key-accessible storage to keep valuables protected. Perfectly integrated into the cabin, it offers peace of mind during parking, valet service, or simply on-the-go.

Safety features

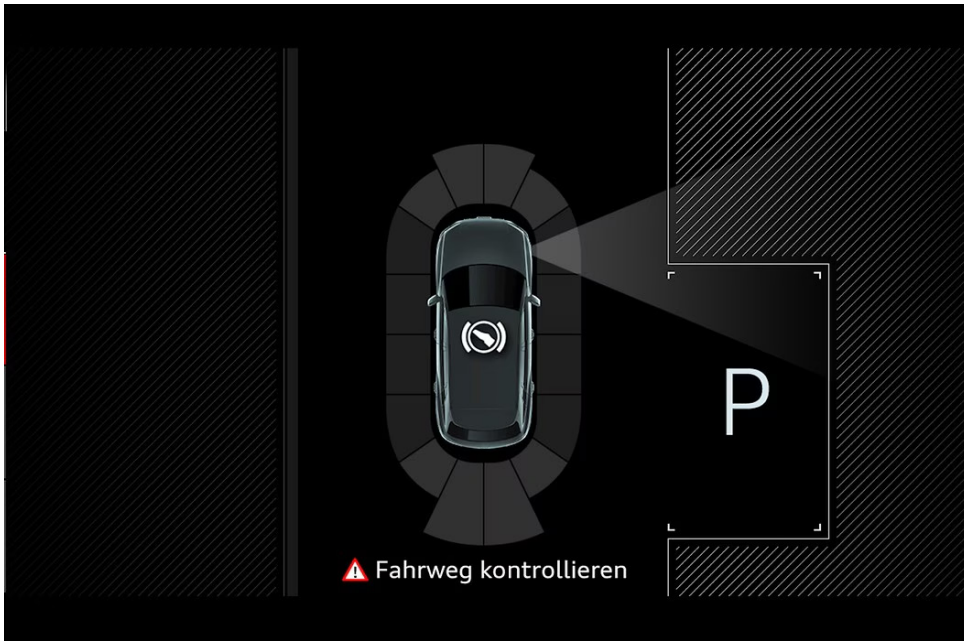

6 Airbags

Protective full-size airbags unfold like a cushion in case of a collision.

Standard Pedestrian Protection

Take the leap towards enhanced pedestrian safety with a thoughtful technology that reduces the impact of a collision on pedestrians.

Park Assist with Parking Aid Plus*

The Parking Assistant ensures quick, convenient, and stress-free parking by automatically detecting suitable parallel and perpendicular spaces using ultrasonic sensors. Once activated via a button on the center console, the system calculates the optimal parking path and takes over steering, while the driver controls acceleration, braking, and gear shifts. It supports multi-move parking, warns of lateral obstacles through a surrounding area display, and enhances safety by guiding the vehicle smoothly into tight spots — making every parking maneuver smarter and easier.
